

# SHIVER GAMES ANNOUNCES LUCIUS III

The Son of the Devil takes his final journey in **Lucius III**, that is set to release in late 2018.

**HELSINKI (August 23, 2018)** - Shiver Games is excited to announce that **Lucius** is returning to **STEAM** in 2018 for the last time. In a whole new narrative experience, he now returns to his old neighborhood of Winter Hill. The path will be a difficult one, with trials and tribulations waiting ahead. Has he made the right choices? Is it finally time to end it all?

The game will be priced at \$19.99 in **STEAM** and is now available for wishlisting.

**Lucius III returns to its roots in terms of both gameplay and story. The game will play as a narrative adventure, focused around the atmospheric little town of Winter Hill - the very same town where Lucius spent his first six years.**

Lucius continues to fulfill the prophecy of the rapture, and finally we get to see where the roads take us. The story will include his signature gruesome violence and disturbing images, but this time there will be some heartfelt moments of regret and sorrow.
